350
Awards

Approved For Release 2002/01/02 : CIA-RDP59-00882R000200330191-0

Executive Secretary, Career Service Board 3 February 1953

General Counsel

National Security Medal

Attached is Colonel White's memorandum on design of the National Security Medal and the original of President Truman's authorization to the Director. I believe the latter should be in the files of the Honor Awards Committee. I understand that [redacted] is taking steps to have the Heraldic Office work out a proper design. If he has any questions as to what the Director wants in this respect, I would be glad to give him my understanding in the matter. I also understand that the Honor Awards Committee will come up with any further rules and regulations necessary for handling the medal within the Agency. Please let me know if there is anything in this regard to which we should be addressing our attention.
